Dear Harry:

The next meeting of the DNA New Alternatives Workshop will address: "The PACOM Region in an Age of Multiple Contingencies." The meeting will be held 6-7 October 1981, at the Rand Corporation, 1700 Main Street, Santa Monica, California. I will be pleased if you can join us for this meeting.

The workshop will meet in Rand's main conference room. Enclosed are a map and tentative agenda and a tentative list of participants. Please have enclosure 4 returned by 10 September so that we can confirm hotel reservations that have been made and plans for luncheons at Rand.

Telephone messages may be left for you during the meeting at (213) 393-0411, ext. 7674.

We are planning to hold a steering group working dinner on the evening of 7 October. Please advise Mrs. Schindler or LTC Andrews, of the Defense Nuclear Agency (202) 325-7302 whether you will be able to attend the meeting and the steering group dinner.

The classified portions of the workshop will be mostly at the SECRET level, but some of the discussions may include TOP SECRET material and Critical Nuclear Weapon Design Information (CNWDI). To avoid delays at the meeting site, please have your clearances sent to the address noted below by 25 September 1981.

SECRET/TOP SECRET/CNWDI: Defense Nuclear Agency
